Are you a teenager diagnosed with Depression?

Help us learn more about how adolescents with depression think and feel

If you are 13 to 17 years of age, with a history of depression and no major medical conditions, you may be eligible to participate in this research study. The goal is to understand how people your age think, feel and behave. This study will have a few visits spread across 18 months, including at least 2 MRI scans, clinical interviews, and some computer tests. **Compensation is up to $650.**

To learn more or see if you are eligible to participate, call (203) 815-9874 or email ChoLabAtYale@gmail.com.
